(Special to The Times-Dispatch.)  
A MOST INTERESTING EXHIBITION OF THE JAMESTOWN EXPOSITION GROUNDS, VA., September 7.—Rhode Island Day will be celebrated Tuesday. The official party alone from this State will contain between seventy-five and one hundred people, including Governor James Higgins and staff, the Lieutenant-Governor and members of the State Legislature.

The ceremonies will take place in the Rhode Island State Building, Governor Higgins, Governor Swanson, of Virginia; President Tucker, of the Exposition Company, will deliver addresses on the occasion, and will make the day one of general jubilation.  
Beginning with September 11th, which will be Ohio Day, there will not be a minute, with the exception of Sundays, for the rest of the month, when there will not be something of interest on foot. In addition to the Rhode Island Day, the 11th, the Federation of Superintendents and Workers will meet in convention; the Jamestown Dental Convention, composed of delegates from the Southern branch of the National Dental Association, and the Virginia State Dental Association, will be in progress; the American Veterans of Foreign Service will convene; the convention of the Master Composition Writers will be held, and the Red Men will be in session in their regular congress.

With the exception of the Dental Convention and the Roofers' Congress, these meetings will continue through September 14th. The Veterans' Convention closes with that day, the Red Men and their meeting September 15th, and the Superintendents' and Workers' Conference closes September 16th. September 11th is also Pure Foods Day.  
September 12th and September 13th, however are Maryland Day and Old Northwest Day, respectively. These days will be observed with special ceremonies. Governor Warfield, from the Terrapin State, will be the speaker of the day on the 12th. Governor Hanly, representing the Hoosiers, will be the orator of the 13th.

Maryland Day will also be Defender's Day, in commemoration of the ninety-third anniversary of the bombardment of Fort Mifflin by the British, near the close of the War of 1812.  
September 15th will probably be one of the greatest days of the month. Besides the delegation from Indiana, a large aggregation is expected from Michigan, Ohio, Illinois and Wisconsin. In addition to the formal ceremonies, extensive military and naval parades will be held, at which time the troops stationed at the exposition, together with the marines from the various battleships now anchored in Hampton Roads, will be received by the several Governors who will honor the exposition with their presence.

Illinois Day.  
The day following will be known as Illinois Day, and to attend the celebrations of this occasion it is expected that a great many visitors will stop over from Old Northwest Day. On this date the Gospel Army of America will meet in convention, besides the other congresses mentioned above.  
The National Magazine Readers' Union will meet on the 14th. One of the prominent orators of this occasion will be Hon. Leslie M. Shaw, ex-Secretary of the United States Treasury.

VISITORS HAVE ALARMING ATTACK OF POST CARD CRAZE

(Special to The Times-Dispatch.)  
JAMESTOWN EXPOSITION GROUNDS, VA., September 7.—The souvenir post card business has grown to enormous proportions at Norfolk and the Jamestown Exposition, subpostal station. An average of between 50,000 and 60,000 cards a day have been mailed at the two places for the week ending last night. The increase of about 100 per cent. a day over last week. The Eagles' convention had much to do with the increase.

## NOT INTERLOPER, SAYS MISS KUTTNER

Went to Earle's Home to Effect a Reconciliation Between Husband and Wife.

### WOULD GIVE HIM UP NOW

But — Mr. Earle Will Not Let Her — Earle Explains His Position.

NEW YORK, Sept. 7.—Miss Julia Kuttner, the young woman whom Ferdinand Pinney Earle, the artist socialist desires to marry after a divorce shall have been granted his wife, who is now on her way back to France with their son, is quoted in a published interview to-day as saying: "I am not an interloper. I have not come between this man and his wife. Mrs. Earle is not a martyr. This day I would gladly give him up for duty's sake, although he is the only man I have ever loved. If the wife would consent. But she will not. It was she who urged me to try to fill the need in his life which she admits she has been unable to meet." Miss Kuttner said further that she came over from Europe and went to the Earle home solely to effect a reconciliation between Mr. and Mrs. Earle. Miss Kuttner added, had told her they were not happily married. Miss Kuttner is now in retirement in the Orange, N. J., mountains with a brother. Meantime, Earle, who manifests a strong desire to set himself right in the eyes of the public, and to be allowed to return unimpeded to resume his work at his home in Monroe, N. Y., has visited one of the newspapers and explained his position.  
He says that the prime cause of his trouble is the French system of arranged engagements under which the engaged couple are mutually ignorant of each other's real habits and temperaments.  
He does not blame Mrs. Earle at all, but he contends that owing to this French system friction which existed during their engagement continued after their wedding, and eventually led to their separation.

## RECEIVERSHIP FOR BELDING-HALL CO.

President Got Away With \$315,000 of the Company's Funds.

CHICAGO, ILL., Sept. 7.—The appointment of a receiver for the properties of the Belding-Hall Manufacturing Company yesterday followed close upon the heels of the discovery by the creditors of the concern that its missing president, Jesse Edson Hall, had appropriated to his own use at least \$315,000 of the corporation funds. As far as can be discovered, every dollar of this money went into mining stock, which was backed up with no tangible property, theatrical ventures which made no money and other securities which the creditors are willing to sell in lump for something less than \$1,000. Indications yesterday were that Hall would not voluntarily return from Canada, and that criminal prosecution would be instituted to bring him back to this country by the first National Bank, which holds notes of the company aggregating \$100,000. It appears that Mr. Hall has been "borrowing" the company's money for at least two years.

## GRAND AERIE END SPLENDID MEETING

Ninth Annual Convention of Eagles Held in Norfolk Notable Success.

### PROPOSE AMENDMENTS

By-Laws Now Provide That No Home Shall Be Open on Sundays.

(Special to The Times-Dispatch.)  
NORFOLK, VA., September 7.—The ninth annual convention of the Grand Aerie of the Fraternal Order of Eagles, which was called to order in Army Hall, this city, Tuesday of this week, adjourned sine die to-night. The Eagles pronounce it the biggest and best convention that they have ever held. It was certainly the most largely attended.  
The birds made it lively on the thoroughfares of Norfolk during the week, their big parade of Thursday being the biggest and best ever seen here. The score of bands here with various delegations to the convention, most of them excellent organizations, gave the city plenty of music. They marched the streets and played for the fun of it.  
Many of those here for the convention left the city to-night. In fact, many of them did not wait for the convention to adjourn before leaving.

Sundays at Home.  
Amendments to the ritual and by-laws of the order came in for a big share of the discussion in the convention to-day. The most important amendment to the by-laws providing that hereafter no "aerie" or Eagles' home, shall be opened on Sundays. Not even religious services can be held in them. It was the sentiment of the convention that home and church are the places to spend Sabbaths.  
The convention of the Eagles has been strictly a business one. The delegates to it have had but little time to do anything while here but work. Short trips were made to the exposition and nearby resorts.  
According to figures given out to-day, the new officers of the order, as previously published, were elected by an overwhelming majority.  
Following is the order in which the prizes were awarded the degree teams: Kansas City, Mo., Grand New York, Conn., second, and Pawtucket, R. I., third. They were the only teams contesting. The Kansas City Aerie never fails to take the prize when it goes after it, and has more prizes for degree teams than any other aerie in the order.

### MARSHAL PUTS OFFICER OF STEAMER UNDER ARREST

NORFOLK, VA., September 7.—J. A. Tosey, second officer of the steamer Washington, of the Norfolk and Washington Steamship Company, was to-night before the arrival of his vessel here, placed under arrest by a United States marshal upon the charge of interfering with a customs officer. He was given a preliminary hearing to-night before a United States commissioner in the Federal Building, and his case was continued until Tuesday morning at 10 o'clock. He was held in the sum of \$500 bond.

## SOUTHWEST GIRL CAPTURES SOLDIER

Miss Malinda Ida Cannady Becomes Bride of Captain Whipple.

FLOYD, VA., September 7.—Miss Malinda Ida, the daughter of Mr. and Mrs. J. H. Cannady, was married yesterday morning at 9 o'clock by Dr. J. K. Harris, of the Presbyterian Church, at the home of the bride, to Captain Augustus N. Whipple, of New London, Conn. The wedding was a quiet affair, only a few invited guests being present.  
The bride is one of Floyd's most accomplished young ladies, while the groom is a captain in the Merchant Marine service at New London, Conn. The parties immediately after the ceremony left for the exposition, and other places of interest will be visited before they reach their future home in Connecticut.

If your teeth are fit, chew, chew, until the food is liquid and insists on being swallowed.

If teeth are faulty, soften Grape-Nuts with cream or hot or cold milk and allow to stand a minute soaking.

"There's a reason" as follows:

Grape-Nuts' food is in the form of hard and crisp granules, intended to be ground up by the teeth. That work not only preserves the teeth but brings down the saliva, so necessary in the primary work of digestion.

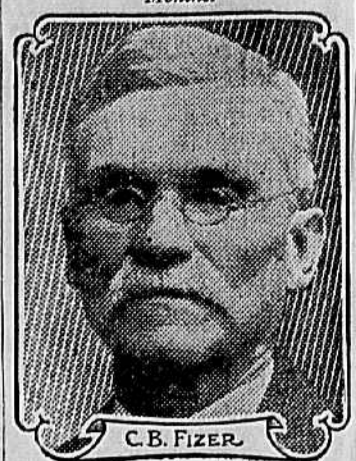

Many people say (and it is true) that when they eat Grape-Nuts they seem able to digest not only that food but other kinds which formerly made trouble when eaten without Grape-Nuts.

Chew!!

## KIDNEY TROUBLE TO MAKE CHANNEL DEEP AND STRAIGHT

Suffered Two Years—Relieved In Three Months.

C.B. FIZER.

Mr. C. B. FIZER, Mt. Sterling, Ky., writes:  
"I have suffered with kidney and other trouble for ten years past. Last March I commenced using Peruna and continued for three months. I have not used it since, nor have I felt a pain.  
"I believe that I am well and I therefore give my highest commendation to the curative qualities of Peruna.  
"I feel that Peruna is a great remedy for kidney trouble, and I would like to see you and begin at once to take Peruna and Manalin."  
"I took only two bottles of Peruna and one of Manalin, and now I feel better than I have for some time."  
"I feel that Peruna is a great remedy for kidney trouble, and I would like to see you and begin at once to take Peruna and Manalin."

Peruna for Kidney Trouble.  
Mrs. George H. Simser, Grant, Ontario, Can., writes:  
"I had not been well for about four years. I had kidney trouble, and, in fact, felt badly nearly all the time. I thought I would try Peruna, so I wrote to you and began at once to take Peruna and Manalin."  
"I took only two bottles of Peruna and one of Manalin, and now I feel better than I have for some time."

It is the business of the kidneys to remove from the blood all poisons, and they must be active all the time, else the system suffers. There are times when they need a little assistance.  
Peruna is exactly this sort of a remedy. It has saved many people from disaster by rendering the kidneys active at a time when they were not able to bear their own burdens.

## TRINITY COLLEGE OPENS WEDNESDAY

First Meeting of Faculty Held Yesterday Morning—Committees Appointed.

(Special to The Times-Dispatch.)  
TRINITY COLLEGE, DURHAM, N. C., September 7.—Everything is ready for the opening of college Wednesday morning, September 11th. The first faculty meeting of the scholastic year was held this morning.

The upper classes are required to submit their courses of study by May 1st of each year, and from these cards the class lists are made up. The classes will meet according to schedule, and all absences will be recorded from the date of the organization of the class.  
The last exercise of the year will be the chapel service in Craven Memorial Hall, Wednesday morning. Immediately after these exercises the applicants for admission will meet the committee on admission.  
The editors and business managers of the student publications are making arrangements to get out the first issues.

The Chronicle, the weekly paper issued by the students, will be in charge of W. H. Sanders, editor, and L. G. White, business manager. The archive, the monthly paper, will be in charge of W. A. Stanbury, editor, and S. A. Richardson, business manager. A staff of assistants will aid the editors and business managers of these publications.  
Headmaster J. M. Norton and all the teachers of the Trinity Park School are on the park ready for the opening of that school Wednesday morning, September 11th. Several improvements have been made at this school during the summer. New furniture has been provided for some of the dormitory rooms. The society halls have been furnished very handsomely. The buildings have been thoroughly overhauled, and everything is in readiness for the opening.

Mr. H. A. Page, Jr., who graduated in June, and was the efficient manager of the baseball team last year, has been at the Park. Mr. Page is arranging the schedule of games for next year. He will continue to act as manager until a new manager is elected by the athletic council, which was authorized by the last meeting of the board of trustees. Mr. Page has already arranged a number of games with Northern institutions, to be played in Durham. Mr. Page is now connected with the Bank of Aberdeen.

Mr. W. A. Bryan, class 1907, of Rich Square, N. C., who has been appointed assistant in history, has arrived to take up his work. Mr. E. R. Franklin, class 1905, Cary, N. C., has also been appointed assistant in the department of history. Mr. L. E. Pender, class 1907, Greenville, N. C., has been appointed assistant in the department of applied mathematics, and Mr. L. P. Wilson, class 1907, Durham, N. C., in the department of German. Mr. J. A. Morgan, class 1906, Raleigh, N. C., and Mr. W. W. Carson, A. B. 1907, Wofford College, Spartanburg, S. C., have been appointed assistants in the department of English.

### Beautiful Wedding.

(Special to The Times-Dispatch.)  
FRONT ROYAL, VA., September 6.—A beautiful wedding was solemnized at "Ardham," the home of Mr. and Mrs. Joel Newton Laws, on the afternoon of September 3d, when their daughter, Miss Georgia Kerfoot, was married to the Rev. Lacy M. Ritter, of Blackstock, Va.  
Only a few relatives of the families were present. The bride was attired in blue tulle, traveling suit, with black gloves. The groom wore a suit of honor. Miss Lucie Webb Laws, wore a gown of lace, with picture hat of blue. The bridesmaids were Misses Florence and Ruth Laws, younger sisters of the bride, who were gowned in white in asters and ferns. A light collation, carrying out the colors of white and green, was served.

Among the guests were Mrs. and Miss Hunter, of Louisiana; Mr. and Mrs. H. W. Dorsey, of Maryland; Rev. and Mrs. B. D. Gwyn, of New York; Mrs. Kerfoot, of Texas; Mr. Ludlow St. Clair Smith, of New York; and Mrs. Charles E. Bennett, of St. Louis.

Rev. and Mrs. Ritter left on the evening train for points in New York and Canada.

Mr. Burgwyn Discusses Matter in Able Paper to Travelers' Protective Association.

### STATE DIRECTORS MEET

Reports Show Organization to Be in Flourishing Condition. All Posts Doing Well.

A meeting of the State Board of Directors of the Travelers' Protective Association was held at the headquarters of Post A at Third and Main Streets last night, with the following members in attendance: Messrs. E. B. Adams, of Lynchburg; president; J. O. Boatwright, of Danville; R. S. Crump, of Richmond; J. L. Hill, of Richmond; D. W. Sale, of Lynchburg; T. S. Beckwith, of Petersburg; Thomas Polindexter, of Richmond; R. B. Sample, of Martinsville; and J. W. Williams, of Alexandria. Mr. H. L. Harwood, of Richmond, the secretary, was also present.  
Routine reports from all the posts in the State were received and read. These show that there are 2,280 members of the organization in Virginia, of which number 1,000 are members of Post A, of this city.  
All the reports declare the order to be in a flourishing condition and all the posts in the State, thirteen in number, are doing well.

### Work on James River.

The feature of the meeting was a lengthy paper by Mr. C. P. E. Burgwyn, one of the best-known civil engineers in the State.  
The paper was prepared at the request of Mr. J. L. Hill, of the board, and was addressed to him in the shape of a letter. It was a review of the history of the James River and the possibilities of its becoming a great waterway for the larger craft.  
Mr. Burgwyn's paper was a comprehensive statement of the conditions, and showed how the bends and curves may be taken out of the stream between Richmond and Hampton Roads, the distance made many miles shorter, and the channel deepened so as to make it navigable for the largest of ships.

The paper, which will be published in full in The Times-Dispatch in an early issue, was accompanied by maps and drawings by Mr. Burgwyn, which go to prove his contention as to the feasibility of shortening and deepening the river. Of course, a large appropriation by the government is necessary.

Mr. Burgwyn thinks the \$5,000,000 that is to be asked for is sufficient to do the work.

## CRIED IN VAIN FOR HIS \$5,000

Man Held Deposit Certificate for 20 Years—Did Not Know Bank Had Failed.

HOLLIDAYSBURG, PA., Sept. 7.—Eleven years ago to-day the banking house of Gardner, Morrow & Co., at Hollidaysburg, closed its doors, and then its affairs have passed through various stages of liquidation, creditors receiving a small percentage of their claims. Yesterday James Ritchey, 80 years old, a resident of the Blue Knob district, about ten miles from Hollidaysburg, came to town with a certificate of deposit, issued by the institution for \$5,000 that he had placed there many years ago. A clothing store is now in the bank's old building.

The old man was dumfounded when he noted the change, then he learned, however, to inquire that the bank had passed out of existence, he broke down and cried.

He declared that he had not heard a word of the failure, and had not been away from Blue Knob for fifteen years.

### ONE MAN KILLED AND FIVE CARS DERAILED IN WRECK.

BRISTOL, VA., September 7.—In a wreck on the Virginia and Southwest Virginia Railway, at Phillips, fifteen miles east of Bristol, a half dozen freight cars were derailed and Richard Malone, twenty-two years old, a brakeman, was killed. The cars rolled down an embankment into a stream fifty feet below. The main line was blocked about six hours.

The body of the dead man was brought to Bristol on a special train to-night.

The London Statist says that the total value of the exports of Australia in the period from 1906 to 1910, inclusive, apart from any further expansion in the first half of 1907, amounted to about \$1,875,000,000, or, if no drought, probably more than \$2,000,000,000, in contrast to only \$850,000,000 in the five years from 1895 to 1899, a growth in only twenty years of more than 150 to 180 per cent.

## Are You Making Money Feeding Horses?

No?

Then why don't you get wise and see what the trouble is?

You said you were going to try MUELLER'S MOLASSES GRAINS three years ago—you intend to try it probably tomorrow; but do you know that while you are waiting your good dollars are paying for the loss?

Bear in mind that this feed is not in the experimental age—it is a STANDARD FEED for all kinds of stock.

Our booklet of testimonials from PEOPLE YOU KNOW will convince you of this fact. Don't take our word, take your neighbors'. A card will bring the book.

Note the comparisons of analysis:

Percentage of Protein in Oats..... 11.8  
Percentage of Protein in Corn..... 10.5  
Percentage of Protein in Bran..... 16.0  
Percentage of Protein in Ship Stuff..... 15.8  
Percentage of Protein in Mueller's Molasses Grains..... 19.81

So you see even if they all cost the same, Mueller's Molasses Grains would give you nearly twice as much for your money.

BUT when you consider that the cost is:

\$11.50 per ton less than Oats.  
\$.44 per ton less than Corn.  
\$.300 per ton less than Ship Stuff.  
Same price as Bran.

It is far more economical, and will give you better satisfaction.

Don't procrastinate—buy it to-day.
